RALEIGH, N. C., October 1.—Three members of the Little Theatre Company were thrown from a vehicle this afternoon while out driving, and one of them, Miss Josephine Bryan, sustained serious internal injuries. She has had several operations, but it is uncertain if one of the other lady members was seriously hurt, but the third was able to participate in the play were to-night.

Wilson Tobacco Market.
[Special to The Times-Dispatch.]
WILSON, N. C., October 1.—According to the sworn reports made to the Wilson Tobacco Board of Trade by the various local warehouse firms, there were sold on the Wilson exchange floors last month 4,600,915 pounds of leaf tobacco at an average price of 2.86 cents per pound. The sales for September last year amounted to 2,656,012 pounds, the average price being 2.81 cents. The total sales this season to date amount to 15,687,500 pounds, against 8,203,494 pounds for the corresponding period last year.

The real cause for Eczema is the presence of humors and sour acids in the blood. These impurities get into the circulation because of imperfect action of those members of the system whose duty it is to collect and carry off the refuse and waste of the body. As this effete matter lies in the system it ferments and generates acid humors which are absorbed into the blood, overcharging this vital fluid with acid. In its effort to keep the system healthy the blood throws off the humors through the pores and glands of the skin, causing this tormenting skin disease. The escape of acids and humors through the pores and glands irritates and burns the skin, producing pustules filled with a clear, sticky fluid, which dries in crusts and patches causing the most intense itching, and often pain. The trouble is in the blood, and S. S. S. is the remedy for Eczema, because it is a real blood purifier. It goes down into the circulation, removes all acids and humors and makes the blood rich, pure and healthy. When S. S. S. has done this the symptoms pass away, the blood is cooled and the disease cured permanently. Nothing acts so promptly or pleasantly in all skin diseases as S. S. S., and it is at the same time a fine tonic to the entire system. Book on Skin Diseases and medical advice free.

THE SWIFT SPECIFIC CO.- ATLANTA, GA.

It will be interesting to note the bearing which the late bitter and warring discussion between Committeeman Ough and Dr. Foster will have upon the conduct of the case at the Eastern State Hospital.

At the close of the meeting of the committee yesterday, Mr. Ough alluded to the differences between Dr. Foster and himself, and warned the committee to be careful how they behaved in Williamsburg.

which a freshman shot through the door and inflicted a flesh wound on a member of a party of sophomores who were trying to break in to him, had no connection with the expulsion of the four sophomores last week, the hazing they did being an stated officially at the time, the making freshmen do menial work, such as cleaning the sophomore's rooms.

The shooting incident occurred several days before the four sophomores were expelled.

The hazing spirit in the college seemed to be thoroughly squelched, thanks to the vigorous and peremptory manner in which the trustees and faculty, backed by the college faculty and the board of trustees, had

Traffic Manager.

A good story in connection with the bridge couple and souvenir postal cards was that developed and furnished a hearty basis for the guests at the fashionable "Toxaway Inn." The bridge couple were Mr. and Mrs. P. N. Herrick, of Louisville, and the cards were a dozen innocent pieces of pasteboard with alluring pictures of the lakes and mountains upon them, that were belated in reaching their destination.

Mr. and Mrs. Herrick had been spending their honeymoon at an unpretentious little resort near Hendersonville. They followed the usual program of the excursionists by taking a trip around the lake.
